Deferred tax liability

Berkshire letters: 1989, 1986 · Difficulty: Intermediate

> *"In effect, this deferred tax liability is equivalent to a very large transfer tax that is payable only if we elect to move from one asset to another." (1989)*

1. Berkshire holds stocks with an unrealized gain of $1,000 million. At a 21% tax rate, what deferred tax liability is recorded ($ millions)? **210**

2. When would that deferred tax actually be paid?

   A. Every year

   B. Never

   C. When dividends are received

   D. When the stocks are sold and the gain is realized
